Student Loan Information

The Cohort Default Rate (CDR) represents the percentage of this institution's students that failed to make required payments on their federal loan within three years of when they were required to begin repayment of that loan. The most recent three-year cohort default rate reported by the U.S. Department of Education for this institution is 00%.

Students at the Esalen Institute are not eligible for Federal student loans. This institution does not meet the US Department of Education Criteria for that would allow its students to participate in Federal student aid programs.

The percentage of the students who attended this institution in 2014 and 2015, who received federal student loans to help pay their cost of education at the school was 00%.

This fact sheet is filed with the Bureau for Private Postsecondary Education. Regardless of any information you may have relating to completion rates, placement rates, starting salaries, or license exam passage rates, this fact sheet contains the information as calculated pursuant to state law.

Any questions a student may have regarding this fact sheet that have not been satisfactorily answered by the institution may be directed to the Bureau for Private Postsecondary Education 2535 Capitol Oaks Drive Suite 400, Sacramento, CA95833, www.bppe.ca.gov. the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

8 “Graduates employed in the field” means graduates that are gainfully employed in a single position for which the institution represents the program prepares its graduates within six months after a student completes the applicable educational program. For occupations for which the state requires passing an examination, the period of employment must begin within six months of the announcement of the examination results for the first examination available after a student completes an applicable educational program.

9 “Placement Rate Employed in the Field” is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

10 Number of Students Taking Exam is the number of students who completed the program within 150% of the published program length and took the exam in the reported calendar year for the first time.

11 Exam Date is the date for the first available exam after the students completed the program.

12 Passage Rate is calculated by dividing the number of students who passed the exam by the number of graduates who took the reported licensing exam.

13 Number Who Passed First Exam Taken is the number of students who took and passed the licensing exam in the reported calendar year on the first attempt.

14 Salary is as reported by the student. Not all graduates report salary. A list of the employers of the Graduates Employed in the Field can be obtained from the institution. “No salary information Reported” is the number of graduates for whom, after making reasonable attempts, the School was not able to obtain salary information.
